JAPANESE AGGRESSIVE.

An Army of Fifty Thousand in Corea.

The Press and People Are Under Control

Of the Very Strictest Military Discipline.

AN ARMY OF FIFTY THOUSAND.

LONDON, Aug. 16.—A dispatch to the Times from Shanghai, says the Japanese are pouring fresh troops into Corea, and upwards of 50,000 Japanese soldiers are now in the Korean territory. The Chinese fleet, according to the same dispatch is remaining passive in Japan. The war fever is intense. The Japanese populace and the press are under complete official control. Perfect order prevails among the town populace. The Japanese government enforces complete secrecy in respect to all military movements.

THE WEI-HAI-WEI BATTLE.

WASHINGTON, Aug. 16.—A telegram was received at the Japanese legation at 4 o'clock this afternoon, that August 7, 19 Japanese men-of-war left Korean waters for Wei-Hai-Wei, which they approached at midnight on the 8th. A torpedo flotilla was sent out, and on the following morning shots were exchanged with the Chinese forts, but as they did not find any of the Chinese fleet, the Japanese men-of-war returned to Corea. This dispatch was sent by a dispatch boat from Corea to some Japanese port and telegraphed to Tokio, whence it was cabled to the legation here, which accounts for its delay.

LONDON, Aug. 16.—The Shanghai correspondent of the Central News says that the Yokohama report that there was an engagement between Chinese and Japanese fleets August 11, and that the Japanese were victorious is denied officially. The Japanese fleet is still cruising at the mouth of the gulf of Pe-Chi-Li, and the Chinese fleet has not been sighted. Chinese reinforcements are equipping and advancing through Manchuria.

LONDON, Aug. 16.—A dispatch to the Times from Tien-Tsin says: "The British minister has issued a notice enjoining strict neutrality upon British subjects in the far east during the war between Japan and China. The French gunboat Lion has arrived at Tien-Tsin. It is announced that warships flying any flag which attempt to cross the Taku bar will be fired on unless their intended arrival had previously been notified to the officers in command of the fort. The French gunboat Lion will be remembered as the warship which is reported to have been present at the sinking of the transport Kow Shung, and important evidence is expected from her commander.

Texas Democrats.

DALLAS, Texas, Aug. 16.—This morning, Cleveland Democracy jumped into the saddle in Texas and rode over free silver 16 to 1 ratio, by a vote of 451 to 415. John H. Reagan has withdrawn the race for governor, declaring he had made his canvass on the issue of free silver, at a ratio of 16 to 1, and he would not accept the nomination on the platform adopted.

Whiskey Trust.

NEW YORK, Aug. 16.—It was announced that the whiskey trust would take \$7,000,000 and release its goods from bond before the new tariff bill goes into effect.

SENATOR VEST'S KICKINGS.

The Missouri Democrat Avows His Independence.

WASHINGTON, D. C., Aug. 16.—For five hours last evening the senate debated the question of proceeding immediately to the consideration of the house bill placing sugar, raw and refined, on the free list. The debate was marked by one of the most sensational speeches of the season.

Senator Vest turned on the calcium light in a speech of two and a half hours. He, smarting under what he believed to be unjust criticism and slanders heaped upon himself, railed with fine frenzy against the president and all who had assailed him (Vest), his associates on the finance committee, or their motives. He gave a complete history of the struggle in conference and justified the action of the senate conference throughout.

Vest proceeded with his description of the difficulties in connection with the adjustment of the sugar schedule. Under the Wilson bill, as reported to the house from the committee, it contained a duty and a bounty. When it was in the house, free sugar was inserted. The finance committee prepared the bill, which gave no differential benefit to the trust, "and yet," said Vest with bitterness, "they call us creatures of the sugar trust."

The senator paused for a moment and then with increased earnestness added: "Slandrous lies."

Vest said he would not enter into the charges that the senate was a party to the fight between the president and the senator from Maryland (Gorman). He, (Vest), had his strong differences with the senator on the tariff and had written a letter stating his objections to the policy of Gorman, and supporting Mr. Cleveland for his position on revenue reform. "But," continued Vest, "I belong to no man. I belong to no faction and I am neither a Montague nor a Capulet, a York or a Lancaster. I can never follow one who does violence to the principles of the Democratic party."

INDIANA DEMOCRATS.

Adopt a Platform and Make Up a State Ticket.

INDIANAPOLIS, Ind., Aug. 16.—The platform adopted affirms opposition to the vicious system of class legislation called protection; approves the efforts of President Cleveland and Senators Voorhees and Turpie to redeem the pledges of the last Democratic convention; condemns the course of the Republican party and the small "coterie" of senators who are masquerading as Democrats, who by threats to defeat all tariff legislation have temporarily prevented the Democratic party from carrying out its pledges; indorses the Income-tax law; authorizes the taxation of greenbacks and the repeal of election laws; is in favor of the election of senators by a direct vote of the people; declares the principles of the A. P. A. unwise, unpatriotic, un-Democratic and un-American; declares in favor of every lawful effort to secure for toilers a better condition; denounces every manifestation of violence and mob spirit; declares McKinleyism is the cause of the financial depression; favors arbitration between employers and employees; opposes sumptuary laws; reaffirms the belief that both gold and silver should be used as a money standard, and both coined without discrimination and without charge for mintage; holds with delight the signs of the restoration of the bimetallic system; indorses the administration of Cleveland, especially his course in maintaining law and order.

The plank referring to United States senators masquerading as Democrats caused pandemonium. The names of Brice, Gorman and Smith were cited out in derisive tones all over the great hall.

The following ticket was nominated: Judges of the supreme court, George F. Blenhard, Joseph S. Dailey; secretary of state, William R. Meyer, renominated; auditor of state, Joseph T. Fanning; treasurer, Morgan Chandler; attorney general, Francis Griffith; clerk of the supreme court, C. Wellman, superintendent of public instruction, Charles Thomas.

GOES TO GRAY GABLES.

President Cleveland III
With Malaria.

Takes the Tariff Bill Along With Him.

He May Veto the River and Harbor Bill.

WASHINGTON, D. C., Aug. 16.—President Cleveland left for Gray Gables this morning. Private Secretary Taubert stated the president left under the advice of his physician in hopes of shaking off a malarial attack from which he has been suffering for several days. The president took with him the tariff and river and harbor bills. He returns about the 25th.

It is learned that the president did not take the enrolled copy, which he must sign, of the tariff bill, but merely an ordinary printed copy presumably for examination.

IN THE SENATE.

WASHINGTON, Aug. 16.—Senator Harris's motion to refer the free sugar bill to the committee on finance was carried in the senate today. The free coal, iron ore and barbed wire bills were also referred. Senator Harris, acting chairman of the committee, informed the members that a meeting will be held for consideration of the supplemental tariff bills at 3:30 today. He hoped to be able to report on them tomorrow. There were not more than a handful of members present today when the speaker called to order. The deficiency appropriation was taken up.

The Republican steering committee today decided to seek to amend the supplemental tariff bills in various ways. Principally, one amendment being for repeal of the tariff bill just passed. They counted upon the votes of Hill, Caffery, Blanchard, Allen and Kyle. If the repeal amendment should fail, they would seek to substitute a bounty provision for the pending bill for free sugar, and would expect to secure the votes of these five senators, except Hill.

They will also offer other amendments in certain contingencies, including one for a duty on wool. They admit that the sugar bill could pass with an amendment, providing either for a bounty or for repeal of the main bill. The house probably would refuse to accept it and it would most likely fall in conference, but they claim the senate, especially the Republicans, would not be responsible for the result.

NOVELTIES.

The mania for buckles rages.

The claret jug is to the fore in every possible idea. Perforated silver is the newest touch.

There is not a new flower to be observed in the floral jewelry of the season. The wreaths, however, introduce all the known forms and colors.

As a banquet table requisite an ice cream knife, with which to cut that delicacy in exact squares for individual guests, is without doubt most serviceable.

The newest brooches or drapery pins are of ornamental gold, fully 4 inches long and curved to fit the place for which they are intended. This is to ornament the folded collars that are a feature now of women's toilets.

Dressed From London to Norwich.

The longest dance on record is probably that of William Kemp, an actor of some celebrity in the reign of Queen Elizabeth. He was a comedian and danced all the way from London to Norwich in a week. He was attended by a labourer, a servant and an overseer.
